To Whom It May Concern,

I am pleased to write this letter of recommendation for Minh Quang Viet Nguyen, a former student of mine in the Financial Modeling course at Hult International Business School. I wholeheartedly endorse Minh for the Fixed Income Business Associate position at Wellington Management.

During our time together in the Financial Modeling course, Minh consistently impressed me with his innovative approach to solving financial problems. What stood out to me the most was how his approach challenged my own long-standing methods. Minh's ability to think outside the box and offer fresh perspectives forced me to reevaluate some of my ingrained approaches to problem-solving. His analytical capabilities and willingness to explore unconventional solutions were truly commendable.

Beyond his academic achievements, Minh possesses a remarkable curiosity and eagerness to learn. He actively engaged in class discussions, asking thought-provoking questions and pushing the boundaries of our discussions.

It is evident that Minh has a deep understanding of the financial ecosystem, and his strong analytical skills make him well-equipped for the demands of the Fixed Income Business Associate position at Wellington Management. I am confident that he will thrive in this role and contribute positively to your team.

If you have any further questions or require additional information, please do not hesitate to contact me.

Sincerely,

X 

Mathias Wagner
